"All your Equipment Rental Solutions under one roof!"

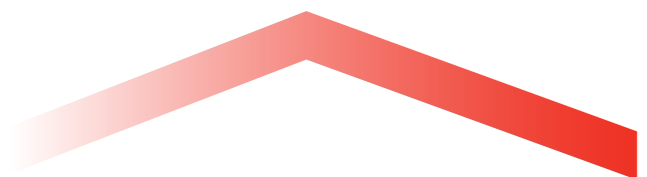

We at Byrne, are proud of the excellent reputation we have earned through the provision of high quality products and services to the Equipment Rental Market. For more than two decades, we have grown to become one of the largest Equipment Rental companies, serving the unique requirements of the industries with the most diverse range of equipment available anywhere in the region.

Through a network of offices and branches in the UAE, Qatar, Oman and Saudi Arabia, Byrne is a preferred supplier to a host of companies in the fields of Oil & Gas, Construction, Marine Repair and Leisure & Entertainment.

In addition to being the largest single source of equipment for our clients, we deliver a genuine 24/7 emergency service response backed up by a team of dedicated professionals, focused on keeping us in the market leading position which we intend to maintain.

"Delivering value through Quality and Service"

At Byrne we promise that the focus is always on Service at every step of the Rental process. This starts with having a clear understanding of a client's needs, which leads to developing Innovative Solutions to meet their specific requirements.

This is achieved through:

- Experienced rental professionals, backed up by a highly qualified technical team to handle any project rental need from Inception to Completion
- All supporting logistics and installations required, owned and controlled by Byrne In-house.
- Plant maintenance and service facilities dotted throughout the region offering local support to local Byrne owned fleet
- 24/7 service response teams coordinating mobile service crews around the clock

"Synonymous with Quality, Service and Reliability"

Our "Equipment and Tool Hire Division" leads the way in providing customers with a range of equipment not catered for in the main hire fleets. Typically this fleet meets the needs of highly specialised customer needs including:

- Access & Support
- Breaking & Drilling
- Building & Site Works
- Cleaning & Floorcare
- Concreting & Compaction
- Gardening
- Heat, Light, Cool & Dry
- Fixing, Carpentry & Sanding
- Material Handling
- Painting & Decorating
- Power & Welding
- Sawing & Cutting

Whatever the event and whoever the star, Byrnes "Projects & Events Division" is on hand to help ensure that your event is a success. All such large scale gatherings require a host of equipment which we supply, including temporary power generators, toilet facilities, offices, changing rooms, grandstand seating, lighting and security fences.

Well known Projects & Events involving Byrne around the region include:

- Dubai ATP & WTA Tennis Championships
- Dubai Civil Aviation Airshow

"We simply promise to provide high quality equipment backed up by a dedicated service and support team 24 hours a day"

Through our long association with the Marine industry, Byrne has become a key supplier of equipment and services to this vast sector of Gulf business. Whether operating in various ports and dry-dock facilities, or supplying equipment to seagoing vessels, we continue to be one of the most in demand hire companies operating in this area. This is due to our ability to meet, not just the diverse equipment needs of the Marine world but to provide the essential service alongside the tight deadlines that these businesses adhere to.

Typically the Marine Industries Equipment Rental requirements include:

- Power Generators suitable for off and on shore
- Loadbanks
- Air Compressors
- Welding Machines
- Sandblasting Pots
- Steam Boilers
- Mobile Lighting Towers
- Portable Offices, Toilets and Shower Units
- Reefer and Storage Containers
- Water Pumps
- Power Washers

Over the years, Byrne has been a proud part of the remarkable economic growth and development in the Gulf region. Our early presence here has given us an invaluable bank of knowledge and experience which is the foundation of our future growth.

Our track record is one where adapting to changing market trends is unmatched. Our Ambition is to continue to grow our business through more diversity in our hire fleets driven by any new lines of product that our customers want us to provide.

It will also involve more operational bases in the region but without any compromise on delivering the best quality products and service our customers can expect. In short we remain open to discussing any equipment rental requirements, present or future, which our customers may have but which are not currently available in our hire fleets.

"Embracing the challenge of growth through innovation and determination"
